The Houston Police Department's Robbery Division is seeking the public's assistance in identifying a robbery suspect.

On June 1, 2008, at approximately 1:15 a.m., the victim was returning home to her residence when she was approached by a suspect who was described as being a black male, between the ages of 25 to 30, and was between 5' 6" to 6' tall. The suspect exited a small, dark, four-door sedan, which was described as being like a Taurus or an Altima. There were two other individuals in the suspect vehicle but they remained in the vehicle. The suspect demanded the victim's purse at gunpoint.

Credit cards stolen in the above-described incident were used at a convenience store located at the intersection of Cullen and Yellow Stone on two occasions, approximately one hour apart. After reviewing surveillance video from both inside the store and outside the store, there was only one male seen at the location at the two times the stolen credit card was used. The Houston Police Department is requesting help in identifying the male captured in the still images, as well as identifying the owners of the vehicles the male was seen in or associating with during the times that the stolen credit card was used.
